

WM 3 - 7 

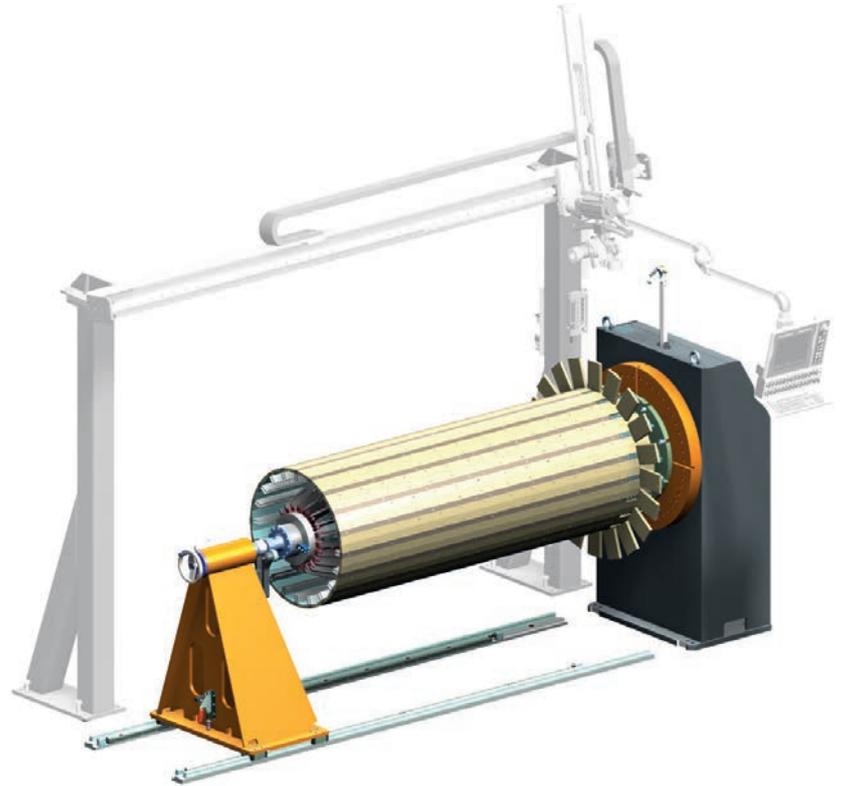

Power transformers

## Basics

- Semi-automatic operation
- Freely adjustable winding speed
- Up to 200 fully configurable stops

## Options

- Pressing unit
- Various flat wire brakes
- Expandable mandrel
- Operator platform
- Various types of dereelers
- Control system with network connection and remote maintenance

Coil	WM 3	WM 5	WM 7
Coil diameter [mm]	Max. 2,000	Max. 2,000	Max. 3,000
Coil weight [kg]	Max. 5,000	Max. 10,000	Max. 20,000
Basic Data	WM 3	WM 5	WM 7
Winding speed [rpm]	52 or 32	31 or 20	31 or 12
Torque [Nm]	6,500 or 10,500	14500 or 23,500	15,000 or 38,500
Drive power [kW]	24	32	48

Machines with different specifications are available on request.
